Greetings from the whole University Chaplaincy Team

Dear Tufts community,

Deep peace of the shining stars to you,
Deep peace of the running waves,
Deep peace of the moon that is a window to the sky.
Deep peace of the sun that is the heart of the world.
Deep peace of the Earth to you, and peace within you.

~ Thomas Merton, from his book "The Internet of All Beings"

In this season, we wish for reflection, renewal, and peace. Whether you celebrate Christmas, Hanukkah, Kwanzaa, or the winter solstice, we hope it is a meaningful season. We encourage you to find moments to reflect, appreciate the simple aliveness in this season, and seek hope in the new year.

From the University Chaplaincy Team
