Dear friends,

I hope everyone had a wonderful summer break and that your children have all had a successful and happy start to school.

I have sent out a welcome back letter through Canada Post and digitally through our schools ([click for copy](#)), but wanted to provide additional details regarding two upcoming Ward 11 events: my first [coffee morning of the year](#) (Wednesday, September 28, details to the right) and an upcoming evening ward forum on [October 3](#) about the TDSB's Long Term Planning and Accommodation Strategy and Development and Ward 11 (details to follow). Based on feedback from parents and caregivers, I have decided to keep these two events virtual to make it easier for everyone to join. I hope to "see" many of you there!

Below you will also find information regarding upcoming TDSB events, community links, and more. Have a great weekend!

Warm regards,

Rachel

Dear Parents, Caregivers, and Community Members,
Welcome to the 2022-23 school year! I hope that you and your family had a safe and enjoyable summer.
As your elected public school board trustee, I am your link and liaison to the Toronto District School Board. Together with my colleagues, I make decisions about the future of our school board, help families navigate the education system, and advocate for students, schools, and public education.
After more than two years of the pandemic, we are preparing to welcome students and staff into our schools to what we hope will be a much more normal school year. The last couple of years have presented many challenges. As we look towards September, we are focused on ensuring our schools provide rich programming, opportunities, and supports so that all students are set up to succeed emotionally, physically, and academically. While most COVID-19 measures have been lifted by the Government of Ontario, the health and safety of our school communities remain a top priority. The TDSB will continue to monitor the pandemic and to follow the guidance and direction provided by the Ministry of Education as well as by our provincial and local public health officials as needed.
We know that school can be an exciting and overwhelming time – for both students and parents/guardians. To help you and your child have a great year, please visit [www.tdsb.on.ca](#) for information on the school year calendar, transportation, and getting involved, as well as links to resources for homework and so much more. The Toronto District School Board is also here to support you and your family's mental health and well-being needs. For a list of tools and resources, including those tailored for students and parents/guardians, please visit [https://www.tdsb.on.ca/Media-Health-Well-Being](#).
As your trustee, I like to hold events where our community can share information and learn together. I already have two of these scheduled for early fall, and I hope you will consider joining me (virtually) at two upcoming events: first, my kick-off coffee morning of the 2022-2023 school year, currently scheduled for September 26; and second, my evening ward forum tentatively scheduled for October 3, where members of our Planning Department will give us a presentation about development, school space and planning in Ward 11 schools. To learn more about these regular coffee mornings and Ward 11 and board-wide events, news and programs, please subscribe to my e-newsletter through the link on my TDSB webpage at [www.tdsb.on.ca/Ward11](#). You can also follow me on Twitter: [https://twitter.com/rachelchernoslin](#).
Additionally, for system-wide news about the Toronto District School Board, you can subscribe to "TDSB Update" at [www.tdsb.on.ca/TDSBupdate](#) and follow the TDSB on Facebook, Twitter and Instagram. And always, if you have students in our schools, you will continue to receive important information and updates from your school and the system via email.
Finally, should you have any questions or concerns, please do not hesitate to reach out to me directly by email at Rachel.ChernosLin@tdsb.on.ca.
Our schools are strongest when we all work together. I look forward to collaborating with all Ward 11 school communities and families this year, and wish everyone a wonderful start to school!
Warmest regards,
Rachel Chernos Lin

Update from Toronto Public Health

The Toronto District School Board was recently presented with a COVID-19 Update presentation from Toronto Public Health. TPH shared facts based on current evidence, provincial guidance and research. They stressed COVID-19 continues to evolve, but supported the updated guidance for screening and isolation released on August 31, 2022,

by the Ministry of Health that included protection from COVID and other respiratory illnesses:

- Stay home with symptoms regardless if you test negative for COVID
- Well-fitted, high-quality masks protect ourselves and others from COVID-19 and respiratory infections
- Staying up-to-date with vaccinations (COVID-19, influenza, childhood vaccinations)

Stay home if you are sick means:

- Staying home until you have no fever and your symptoms are improving for at least 24 hours (or 48 hours if nausea, vomiting or diarrhea).
- After isolating, wear a mask when out in public for 10 days from the first day after any symptom started.
- Avoid non-essential visits to vulnerable individuals at risk of severe infection and highest risk settings (e.g., hospitals, long-term care) for 10 days from the first day after any symptom started.
- Follow this advice even if you test negative for COVID or you did not do a test.
- Access testing and treatments for COVID, if eligible.

It is recommended that students, staff and visitors continue to complete a daily self-screening questionnaire. Symptoms will remain the same, but since the Chief Medical Officer of Health announced changes on the same day TPH presented to us, they are currently updating their screener to reflect recent changes in provincial guidance regarding COVID-19 symptoms and/or positive test results, and self-isolation requirements. In the meantime, please refer to the updated [Provincial Self-Assessment tool](#) or contact the Provincial Testing and Isolation Information Line at 1-888-777-0730. - [Immunocompromised School and child care screening_\(PDF\)](#) (PDF)
- [Non-immunocompromised School and child care screening_\(PDF\)_ \(PDF\)](#) (PDF)

TPH stresses that vaccines continue to provide the best protection against COVID-19 and the variants, including Omicron. The good news is that the first booster for 5 to 11 years olds is now available and Canada has approved the “bivalent” vaccine which targets the original SARS-CoV-2 virus from 2019 and the Omicron (BA.1) variant, and is authorized for use as a booster dose in individuals 18 years of age or older.

School Immunizations

All children attending school between ages 4 to 17 need to be immunized according to Ontario’s Immunization Schedule.

Additional vaccines are routinely offered in school to grade 7 students however, during the COVID-19 pandemic many students did not get their vaccine. In Ontario, the Immunization of School Pupils Act requires all students to be up-to-date with their Meningococcal vaccine

or have a valid exemption. Hepatitis B and Human Papillomavirus vaccines are strongly recommended.

COVID-19 vaccines will also be offered to students who are not fully vaccinated. Students can receive a COVID-19 vaccine at the same time as, or any time before or after, the other vaccines.

Join the Mental Health and Well-Being Parents as Partners event - Monday, September 12, 6:30pm – 8:45pm via Zoom

Join a committee of parents/ caregivers across the TDSB that

- Increases awareness of the importance of Mental Health and Well-Being and the impact this may have on a child's overall success in school and in life;
- Creates a better understanding that all members of the school community can benefit from Mental Health and Well-Being awareness and positive mental health practices;
- Helps parents/caregivers to understand the various pathways for support both within the TDSB and with our community partners agencies.
