April 14, 2021 | 3 to 4 p.m.  
Mason Science Faculty Meeting

April 9, 2021 | 3 to 4:30 p.m.  
Mason's Online Pandemic Modeling Forum

April 9, 2021 | 11:30 a.m. to 1 p.m.  
Grant. Now What?

April 8, 2021 | 4 to 5:30 p.m.  
Resistance and Resilience: Student Activism and Well-being

April 8, 2021  
Giving Day 2021

Lance Liotta, Co-Director, Center for Applied Proteomics and Molecular Medicine (CAPMM), is conducting virologic analysis of SARS-CoV-2 on non-infectious/pre-inactivated clinical samples using FDA-cleared (Emergency Use Authorized) commercial PCR platforms.

Mason is delighted to invite the Spring 2021 graduating class and all 2020 graduates to person celebration options for spring commencement. Thanks to the COVID-19 pandemic, we have kept safety precautions as our focus and have had to limit our graduation recognition events during the week of May 10.

Research Development Services will hold the first of a planned series of lunch and learn seminars and Q&A for their powerful experiences and stories.

In honor of Mathematics and Statistics Awareness Month, #FacultyFriday highlights Padmanabhan Seshaiyer who recently received the NCWIT Aspirations in Computing Educator Award for his efforts to promote awareness of computing and its benefits.

February 26, 2021  
Mason Science Research Symposium

Dr. Yiğit Can, a professor in the Department of Environmental Science and Policy at George Mason University, was interviewed for a documentary about Mars. Yiğit recently published a book, “The Red Planet,” which is available for free download. You can also watch the documentary about Mars. This year's giving day for Mason Science will focus on supporting scholarship and funding for our graduate students and our faculty members.

Deutsche Welle features Mason Student in mini-documentary about Mars

On April 8, 2021, Mason received the Barry M. Goldwater Scholarship. This is Mason’s first-ever Barry M. Goldwater Scholar. Jackie Luu, a junior Environmental Science and Policy major from Glen Allen, Virginia, is a candidate for this prestigious scholarship. Jackie has worked closely with Dr. John Hollis, a faculty member in the Department of Environmental Science and Policy.
