Foundation Recurring Transfers

You are encouraged to set up a recurring transfer for your Foundation funds (fund number begins A-L). The available full balance will be transferred to your specified chart string monthly, reducing your administrative burden to submit individual requests. Any unspent balance will carryforward year to year, so there is no need to wait to transfer funds. This will also make seeing your full balances on existing BAH reports easier.

To make this request, complete a Foundation request for funds form leaving the amount field blank and checking the recurring box. Submit your completed form to UC San Diego Services & Support Portal, About: Gift Funds; Related to: Gift Fund Setup & Transfer; More Specifically: Foundation Requests for Funds Transfer.

This week, we release two new dashboards that were the culmination of work done by the MSOs Reporting Workgroup. We would like to thank the members of that workgroup for their time spent

(Mathematics), Jamie Gonzalez (History), Traci Carpenter (Electrical and Computer Engineering), Taylor Benarieh (Communication), Fritz Leader (San Diego Supercomputer Center), Anne Footer (CASPO), Annamarie Bryson (Integrative Oceanography), Randy Brooks (School of Public Health), Casey Sandack (Surgery), Kathy Smith (Orthopedic Surgery), Wei Deng (Pharmacology), and Jennie Morrow (Computer Science and Engineering).

New Report: Staff Workload Dashboard
The Staff Workload Dashboard is now available on BAH on a new Leadership (Restricted) tab. This dashboard provides a variety of metrics for leaders to assess comparative workloads of their staff. The dashboard currently provides metrics for fund manager workloads, but will encompass other staff types in the future.

This dashboard answers questions like:

- How has the workload for each Fund Manager changed over time?
- What does the workload of each Fund Manager look like and how do they compare to each other?
- Are payroll titles appropriate for each staff person given their current workload and job performance?

All individuals with the role of MSO/CAO/DBO in Oracle have been provisioned access. A separate access request form will be coming soon. In the meanwhile, if you have responsibility for managing fund manager workloads and do not currently have access, submit a ticket indicating why you need access and attaching approval of your MSO or other departmental leader.

New Report: Trend Analytics Dashboard
The Trend Analytics Dashboard is now available on BAH on the Budget & Financial Management tab. Use this dashboard to gain insight into how Financial Units, Funds, Project Managers, and Projects have performed over time. This GL-Based dashboard is the first of its kind to allow users to view trends by year, quarter, or month.

It answers questions like:

- How have my balances changed over time and what has contributed to increases or decreases?
- How has my spending on graduate support changed over time?
- How does IDC recovery compare over time for all of my PIs/Project Managers?

While reports are user-tested as much as possible prior to release, we recognize that they won't be perfect immediately. We rely on community feedback through enhancement requests and tickets to get new reports into their final form. We look forward to working with you to make these new reports the best they can be.
