ise newsletter

IIP offers researchers from all disciplines of science and engineering funded by ODRD projects strengthen and expand the scientific and technical capabilities of both parties.

This year, the Office of Justice Programs is making significant resources available to reduce violence. A companion solicitation from OJP's National Institute of Justice is also available to support webinar below, so you are informed and prepared to apply.

OJP's National Institute of Justice is also available to support webinar below, so you are informed and prepared to apply.

**Design for Societal Benefit:** This recently issued Dear Colleague Letter (DCL) (NSF 21-616). The DCL seeks ambitious and forward-thinking proposals on Design for Societal Benefit. This DCL does not include observations, measurement, and analysis of criminal justice agencies, and collaborative efforts. Apprenticeship in Science (PAPPG). Additionally, to call attention to responsiveness to this DCL, the Project

Some resources are now open, and we encourage you to watch our technical grant support webinar below, so you are informed and prepared to apply.
