Homecoming: Welcome Science Alumni!

Join us for the 1st SCIENCE Homecoming Tailgate

Center for Human Genetics receives $1.87M grant

Three SCIENCE faculty honored with prestigious NSF CAREER awards

Big or small: Clemson research describes how fish get their shapes

Science on Tap showcases College of Science professor Neil Calkin

Renowned promoter of science literacy to speak at Clemson

Register in advance for Clemson Fit Run 5K in Botanical Garden

Such as specific student or faculty support, research and technology needs. Types of gifts allow faculty and staff leaders to handle costs deemed most in need of funding, in the form of support through Unrestricted Giving to the College, a department or a center. These gifts enable us to strategically invest in priorities to help advance Science forward at Clemson.

Thank you for your support of Clemson and the College of Science. Our alumni and friends are stepping up to endow scholarships and professorships to help attract the best and brightest talent to Clemson. These gifts enable me to strategically invest in priorities to help advance Science forward at Clemson.

Dr. Carlos D. Garcia, a Professor of Analytical Chemistry, has been named a Fellow of the Royal Society of Chemistry – one of the highest recognitions for a chemist. Dr. Garcia has spent his career dedicated to the development of simple, fast, inexpensive, and efficient analytical strategies.

Dr. Robert Anholt and Trudy Mackay of Clemson University’s Center for Human Genetics have received $1.87 million from the National Institutes of Health to advance research aimed at understanding the role of genetic variations in human disease. Drs. Robert Anholt and Trudy Mackay of Clemson University’s Center for Human Genetics have received $1.87 million from the National Institutes of Health to advance research aimed at understanding the role of genetic variations in human disease.

Garcia elected Fellow to Royal Society of Chemistry
