to facilitate information sharing among researchers, practitioners, and relevant local, national, and international audiences. This will allow us to more effectively address the world's pressing sustainability and resilience challenges.

International Symposium on Knowledge and Capacity Development to Implementation Science

The African Development Bank

The 64th Annual Meeting of the Comparative and International Education Society

Sympoiesis Conference participants will address the theme of "From Knowledge to Implementation: Promotions and Obstacles in the Path of Knowledge". The conference will take place on February 15-17, 2020, at the National Education Convention Center.

The Environmental Engineering Program

The Environmental Engineering Program offers a range of courses in micro/biology, environmental chemistry, and environmental geophysics. These courses are designed to provide students with a comprehensive understanding of the field.

ASEAN Smart Cities Partnership

The ASEAN Smart Cities Partnership is an initiative aimed at promoting sustainable urban development in Southeast Asia. The partnership involves collaboration between governments, businesses, and civil society organizations.

State's Bureau of East Asia and Pacific Affairs wishes to notify the U.S. community of its programs. To apply for the Globalinks Program, follow this link: https://www.gsscholar.org/apply. This program is open to young professionals and/or graduate students from underrepresented backgrounds.

The GSS Fellows Program

The GSS Fellows Program is an opportunity for graduate students to gain research experience at the National Institute of Standards and Technology. To apply, visit gsscholar.org.

The Chesapeake Bay and Water Resources Policy Committee (CBPC)

The CBPC has launched its first Dear Colleague Letter (DCL) titled "Should We Know about the People We Don't Know?" The DCL is aimed at encouraging researchers to consider the potential benefits of broadening their knowledge base.

Dr. Cioffi-Revilla was honored for "distinguished research and service toward creating the field of Computational Social Science" at the 160th annual meeting of the American Association for the Advancement of Science (AAAS) in February 2020. Dr. Revilla was also presented with the Distinguished Science and Technology Policy Award by the White House Office of Science and Technology Policy. The award recognizes "outstanding and valuable lifetime contributions to science and technology.

MetroLab Network was launched as part of the White House Smart Cities Initiative in 2015. The network brings together local and national government institutions, businesses, nonprofits, and universities to work on urban issues.

Earth Day Network (EDN)

Join Earth Day Network and MetroLab Network for "Talking to Strangers: What We Should Know about the People We Don't Know". This event, with guest Malcolm Gladwell, will be held on March 18th. The discussion will focus on the importance of understanding and engaging with diverse perspectives.

We are delighted to announce that Dr. Leah Nichols will be joining Mason as the full time University Professor. Dr. Nichols has a PhD in Energy and Resources from the University of California, Berkeley. She has served as a Mirzayan Science and Technology Policy Fellow with the National Academy of Sciences and remains Mason's Associate Vice President for Research and Innovation Initiatives. We look forward to welcoming her to the Mason community.

The GMU UNICEF Campus Initiative

We'll use the survey data to build a calendar of ALL the sustainability-related programs, events, and initiatives happening at Mason during Earth Month (April). We need your help to do so effectively. One of our goals is to "spread awareness and educate the Mason community about what's going on in the Earth's climate system. Climate change is a pressing issue that affects us all."

"Talking to Strangers: What We Should Know about the People We Don't Know" will be held on March 18th. The discussion will focus on the importance of understanding and engaging with diverse perspectives.
