Conversion of Current Asset Balances to Expenses

As part of the Fixed Assets Implementation, existing Asset Account balances on Department Financial Unit/Fund/Project combinations are being moved to an Expense Account via journal entry on **Thursday August 31, 2023**, and posted to the June 2023 adjustment period (period 13) for this closing fiscal year.

When this conversion entry is completed, **you may see a decrease in Capital Assets and increase in Expenses for your Financial Unit/Fund/Project combinations when reporting for period 13** as the balances are moved from an Asset Account to an Expense Account. For more information related to this conversion effort, please visit the [Fixed Assets Conversion](#) Blink page.

Traveling this Fall? Watch the Weather with Triplt Pro!

Extreme weather events like wildfires, severe heat waves, and floods are becoming more frequent, more intense, and more unprecedented—making weather-preparedness even more important when you're planning and taking a trip.

Triplt now provides the [weather forecast](#) based on your trip itinerary to help you make more informed weather-related decisions before and during your trips. With this new enhancement to the Triplt app, you can find weather forecasts on the plan details screen for plans with a single address/location. This includes lodging, restaurants, car rentals, and activities such as meetings or special events.

It's important for travelers to be aware of the weather-related risks for their destinations. Triplt now provides itinerary-specific weather forecasts. As your trip approaches, monitor the forecast to pack and plan accordingly.

[High-Risk Ledger Review Changes](#)

The Budget and Finance User Group (BFG), including representatives from Audit & Management Advisory Services (AMAS) and Internal Controls & Accounting (ICA), has approved a change to the threshold of transactions that need to be reviewed with high-risk ledger review. The \$2,500 threshold that has been applied to the total invoice dollar amount will now be applied

at the transaction level. This will greatly reduce the number of transactions requiring review and simplify the monthly high-risk ledger review process. This change is now reflected in the Transaction Details report.

New Effort Column on DOPE Report

The Salary Derived Effort Percent provided by UCPath and displayed on the DOPE Report is incorrect for certain faculty situations. A new column, 'UCSD Salary Derived Effort Percent', will be added to the report this week to calculate effort based on the monetary amount, compensation rate, and salary cap rate for those situations where the Salary Derived Effort Percent is incorrect. We encourage you to use this new column when calculating effort for progress reports and other applications.

If using this new column to verify effort in the ECERT application, make sure you run the DOPE report for the 6 month periods that coincide with the effort reporting period. There are two effort reporting periods for each fiscal year. For example, in FY 22, the two reporting periods are July 2021 through December 2021 and January 2022 through June 2022. When differences exist between ECERT and the DOPE report you can make adjustments in the Adjustment column of ECERT. You will need to provide a note on the change and refer to the DOPE report corrections for the reason.

Exciting Role Change for Ashlyn Bernal

We are excited to announce that Ashlyn Bernal has accepted the role of Finance Training Manager in Business & Financial Services. Many of you have gotten to know Ashlyn through Services & Support, the procure-to-pay training she's created, and various IPPS events over the last 7 years. This newly created role gives her the opportunity to have even greater scope and impact by building out a training framework on behalf of the broader finance portfolio.

Ashlyn, her colleague Christina Putrov, and the Director of the Finance Training team, Heather Sears, have already begun building out new Finance-specific training modules, which they hope to start releasing before the end of the calendar year.

For your ongoing procurement and payables-related support needs, please continue to submit [Services & Support](#) cases.

Tips & Tricks

Pending Card Transaction lines in Concur

A Pending Card Transaction line under your **Available Expenses** section means that a reservation or travel booking was made in Concur or through Balboa Travel. These expense lines with the Payment Type of *Pending Card Transactions* are placeholders for the actual expense and do not represent charges to a UCSD Card product. These expense lines should not be added to an Expense Report, and should be deleted to avoid any confusion. To delete those expenses select the box next to the expense line, and then click on the Delete button. Please make sure to only move expenses with the Payment Type of UCSD CTS Air Hotel Card or T&E Card to an Expense Report.

The Support Framework: Your Guide to Finding Help

Learning all there is to know about budget & finance can feel daunting.

The [Support Framework](#) is designed to help the Budget & Finance community, including faculty or staff with financial responsibilities, identify their resources based on the following questions:

- What can I do **on my own**?
- Where can I **get help**?
- Who can **help escalate**?
- How do I **suggest enhancements**?

[Bookmark](#) or [download a copy](#) for quick links to various resources available to you.

The infographic titled "Support Framework" provides a structured approach to finding help. It is divided into four levels, each with specific criteria and resources. Level 0 (What Can I Do On My Own?) includes self-service resources like the immediate supervisor and various help lines. Level 1 (Where Can I Get Help?) lists resources such as office hours sessions and the Finance Help Line. Level 2 (Who Can Help Escalate?) identifies the central support team and the Request Center. Level 3 (How Do I Suggest Enhancements?) lists ways to provide feedback on financial systems and reporting. The infographic also includes a link to view the full framework on a blog and the UC San Diego logo.

Support Framework

Not sure where to find answers? Our support framework is designed to help the Budget & Finance community, including faculty or staff with financial responsibilities, identify resources.

TIER 0 **What Can I Do On My Own?**

Applies to you if you:

- Want to find published support information anytime
- Don't want to wait in line for your question to be answered
- Don't know who your department Subject Matter Experts (SME's) are

Self-Service Resources:

- Your immediate Supervisor
- [Budget & Finance chat groups](#)
- [Knowledge Base Articles](#)
- [Community of Practice](#)
- [Published information on Blackboard](#)
- [Training Videos](#)

TIER 1 **Where Can I Get Help?**

Applies to you if you:

- Have a question that is unable to be answered by your department SME or self-service resources
- Have a question that can be quickly answered by a knowledgeable representative
- Need to process a transaction in Services & Support
 - E.g. "I need you to process my request..."

Resources:

- [Attend an Office Hours session](#)
- [Contact the Finance Help Line](#)
- [Submit a request ticket in Services & Support](#)

TIER 2 **Who Can Help Escalate?**

Applies to you if you:

- Are unsure how to submit your request/ticket
- Have submitted a ticket and are not receiving a response
 - Please try to give agents enough time to process your requests before escalating the ticket.
- Identify something that does not seem to be working properly

Resources:

- Contact the central support team directly at [finance.support@ucsd.edu](#)
- Submit a ticket to [Budget & Finance Support](#)
- Find the form in our [Request Center](#) to process your transaction request

TIER 3 **How Do I Suggest Enhancements?**

Applies to you if you would like to suggest:

- An enhancement to a financial system
- Idea to streamline a financial business process
- Oracle & Concur financial reporting enhancement

Resources:

- [Budget & Finance Support Box](#)
- [Business Analytics Hub Help Page](#)
