Clemson's fourth annual GIVE DAY is April 3

On April 3, Clemson's fourth annual GIVE DAY will bring energy and focus to the Clemson Family. All across the University, alumni, parents, staff, students, faculty and friends are gearing up in support of education, research, student life, and so much more.

Join the more than 3,600 expected donors on April 3 to give back to Clemson. As SCIENCE alumni, you can support our current Tigers so that they can have many memories just like yours. Consider making an unrestricted gift to the College or your department and share in Clemson's success that day.

To make a gift, click the button below. For more information, contact Julie Tovey at jtovey@clemson.edu.

Miss Clemson sees the beauty in science

Morgan Nichols is a senior in the College of Science's department of genetics and biochemistry and was recently named Miss Clemson. Her platform "Stronger with STEM" inspires students to stick with STEM through exploration, education, and innovation.

SCIENCE partners on T.I.G.E.R. Field Day

Clemson's Spring Football Game is scheduled for Saturday, April 6. Before you watch the orange and white battle it out at 2:30 p.m., join SCIENCE at the T.I.G.E.R. Field Day beginning at 10 a.m. on the Littlejohn Coliseum lawn. The Field Day is free and open to the public, so children, adults and families are welcome.

Explore the wonders of the natural world with animals from the Bob Campbell Natural History Museum, view reptiles like an anole and chameleon, learn about snakes in South Carolina, discover the amazing properties of the chemical world, and learn about the physics required to power an electromagnetic cannon.

Be sure to check out our website closer to the date at www.clemson.edu/science, and plan on joining us on April 6.

COLLEGE NEWS

Here's what's happening around the College of Science.

- Biology student's interdisciplinary research is changing the course of lives in Haiti
- Chemistry student's personal journey reflects what Clemson is all about
- Mike Brown, the "man who killed Pluto," wowed the crowds at Clemson on Feb. 21
