AP & Concur Accruals or Fiscal Close

If you missed the recent Fiscal Close Bulletins, take a look at the [AP & Concur Accruals for Fiscal Close](#) Blink page for information on how accruals will be processed this year.

NEW: [Click here](#) for a preview of the Concur Accruals data which represents a snapshot as of 6/15/2023. This file will be updated once a week through July 7, 2023. We are offering this special report because it joins the data from the Concur Expense Report and the Outstanding Card Charges report. This report can also be found in the [AP & Concur Accruals for Fiscal Close](#) Blink page under the Concur section. We hope to offer this as a report in the BAH in the future.

Tip: for Concur, move all card transactions from Available Expenses to expense reports with the Report Header fields populated, even if the travel/event will not take place until after June 30th. This will ensure that the transactions will not get accrued for this fiscal year. If the Travel/Event will take place prior to June 30th, assigning the transactions to an expense report will ensure that the accrual will post against the desired chart string.

Campus Budget Office Updates

Clear Legacy Fund Balances with a SOFI Swap

With the implementation of the Simplified Operating Funds Initiative (SOFI) in FY2016, most departments across campus now operate with SOFI as their main Core Operating Fund (13991). However, in the Oracle transition, some legacy index balances were inadvertently carried over in fund numbers such as:

- 19900-State General Fund
- 14000-Tuition
- 10950-Federal Contracts and Grants ICR
- 13050-Opportunity Fund
- 19933-Federal ICR (General Fund Portion)
- 19942-Nonresident Supplemental Tuition

The Campus Budget Office can assist with clearing these fund balances (whether positive or negative) via a SOFI swap journal. Please [submit a ticket](#) to CBO by selecting Budget & Planning > Fund Transfers/Allocations > CBO Resource Allocations and include **SOFI Swap** in the Subject Line. Please provide the following:

- Full **Legacy Fund** chart string and \$ balance to be transferred
- Full **SOFI-13991** chart string to send/receive the fund swap

Note - If there are current year expenses posting to the Project/Task linked to the legacy fund #, please process Cost Transfers prior to requesting a fund swap for the remaining balance. This may also include updating payroll, recharges and other transactions that are pointing to the legacy Project/Task so that additional expenses don't continue to post in the future.

The Support Framework: Your Guide to Finding Help

Learning all there is to know about budget & finance can feel daunting.

The [Support Framework](#) is designed to help the Budget & Finance community, including faculty or staff with financial responsibilities, identify their resources based on the following questions:

- What can I do **on my own**?
- Where can I **get help**?
- Who can **help escalate**?
- How do I **suggest enhancements**?

[Bookmark](#) or [download a copy](#) for quick links to various resources available to you.

The infographic titled "Support Framework" provides a structured approach to finding help. It is divided into four levels, each with specific criteria and resources:

- STEP 0: What Can I Do On My Own?**
 - Applies to you if you:**
 - Want to find published support information anytime
 - Don't want to wait in line for your question to be answered

 - Resources:**
 - [Attend an Office Hours session](#)
 - [Contact the Finance Help Line](#)
 - [Submit a request ticket in Service & Support](#)
- STEP 2: Who Can Help Escalate?**
 - Applies to you if you:**
 - Are unsure how to submit your request/ticket
 - Have submitted a ticket and are not receiving a response
 - Please try to give agents enough time to process your request before escalating the ticket.
 - Identify something that does not seem to be working properly
 - Resources:**
 - Contact the central support team directly at [FinanceSupport@ucsd.edu](#)
 - Submit a ticket to [Budget & Finance Support](#)
 - Find the form in our [Request Catalog](#) to process your transaction request
