AP & Concur Accruals or Fiscal Close
If you missed the recent Fiscal Close Bulletins, take a look at the AP & Concur Accruals for Fiscal Close Blink page for information on how accruals will be processed this year.

NEW: Click here for a preview of the Concur Accruals data which represents a snapshot as of 6/15/2023. This file will be updated once a week through July 7, 2023. We are offering this special report because it joins the data from the Concur Expense Report and the Outstanding Card Charges report. This report can also be found in the AP & Concur Accruals for Fiscal Close Blink page under the Concur section. We hope to offer this as a report in the BAH in the future.

Tip: for Concur, move all card transactions from Available Expenses to expense reports with the Report Header fields populated, even if the travel/event will not take place until after June 30th. This will ensure that the transactions will not get accrued for this fiscal year. If the Travel/Event will take place prior to June 30th, assigning the transactions to an expense report will ensure that the accrual will post against the desired chart string.

Clear Legacy Fund Balances with a SOFI Swap
With the implementation of the Simplified Operating Funds Initiative (SOFI) in FY2016, most departments across campus now operate with SOFI as their main Core Operating Fund (13991). However, in the Oracle transition, some legacy index balances were inadvertently carried over in fund numbers such as:

- 19900-State General Fund
- 14000-Tuition
- 10950-Federal Contracts and Grants ICR
- 13050-Opportunity Fund
- 19933-Federal ICR (General Fund Portion)
- 19942-Nonresident Supplemental Tuition

The Campus Budget Office can assist with clearing these fund balances (whether positive or negative) via a SOFI swap journal. Please submit a ticket to CBO by selecting Budget & Planning > Fund Transfers/Allocations > CBO Resource Allocations and include SOFI Swap in the Subject Line. Please provide the following:

- Full Legacy Fund chart string and $ balance to be transferred
- Full SOFI-13991 chart string to send/receive the fund swap

Note - If there are current year expenses posting to the Project/Task linked to the legacy fund #, please process Cost Transfers prior to requesting a fund swap for the remaining balance. This may also include updating payroll, recharges and other transactions that are pointing to the legacy Project/Task so that additional expenses don’t continue to post in the future.
New Video Alert!
Check out the step-by-step video on How to Add Attendees to an Event Expense Report. This video can also be located on this Knowledge Base Article (KBA). Please share this new resource with your teams.

Reminder: If you are going to use the Expense Type of List of Attendees, and you’re using a Project/Task, please Allocate the expense line to include an Expenditure Type.
