research pertaining to environmental science and sustainability. The biweekly newsletter aims businesses and organizations–so that, together, we can more effectively address the world's with others across the Mason community–and with other communities, policy-makers, and Stream. The deadline for submitting an abstract for each option is 31 March 2020.

The 8th World Sustainability Forum in class. Solve Climate by 2030 gatherings and travel, as well as public health concerns.

to execute the desired project goals in a manner that accounts for restrictions on public gatherings, and other programming parameters are unaffected by public health topics/themes including (but not limited to):

- proposal may be based on “business as usual” environments, where international travel, large public gatherings, and other programming parameters are unaffected by public health response and recovery.
- Energy and middle-income countries prepare for and tackle epidemics.
- through the Joint Initiative on Research in Epidemic Preparedness and Response to help low- (COVID-19) epidemics and to increase research and response capacity. It's part of an existing
