PRINCIPAL'S UPDATE

I'm going to keep it brief in my part of the newsletter. I feel like the community is hearing enough from me with all the communication that I send regarding COVID19 updates. I just want to reiterate my appreciation for all the support and understanding we receive from the community as we work through the mask mandates and the efforts to keep school open through any crises. There are so many professionals at EVHS (teachers, support staff, counselors, administrators, custodians, etc) who are going above and beyond to serve the students and families we represent. Thank you to everyone and take care.

Businesses that donate \$500 or more will get their business logo printed on the back of each t-shirt and be promoted in our daily announcements in the weeks before homecoming via daily announcements and flyers. Homecoming festivities are long overdue at EVHS due to the restrictions of COVID in 2020. By donating your business can help us on the road to achieving our goal of providing an all-inclusive activity for our student body. We truly appreciate all of your help! College Funding Coach

We are excited to announce that Battle Mountain High School and Eagle Valley High School are hosting the College Funding Coach on Wednesday, September 29th from 6:00-7:15pm for a web workshop. This event is for any family wanting to learn how to pay for college (Preschool - High School). The College Funding Coach was founded in 2002 to help families better understand the complexities of paying for college and make higher education more affordable. Since that time, The College

Funding Coach team has been on a mission to help families save on the high cost of higher education. The College Funding Coach's founder, Brock Jolly, realized that most families want to help pay for their children's education; but they often lack the liquidity and/or the cash flow to be able to do so. The College Funding Coach has established an approach that helps parents understand the college funding process, reduce their out-of-pocket expenses, and balance the challenge of saving for college and retirement simultaneously. This is a free educational web event. Please register by clicking [HERE](#) or on the flyer above.
