Open a seat in your class, and Duck to a colleague’s class!

Observation Open April 11-18, with submission and notification April 19-28.

A coordinated effort by UO Online and TEP, this program helps instructors accumulate course observation hours for new teaching credential programs in Oregon. This event is open for any instructor at any Oregon institution.

Leverage the Duck In observation platform to collect insights and apply Universal Design for learning. Gain deep understanding of the impact your courses have on student learning.

In the last term to DUE!
