PRINCIPAL'S UPDATE

The staff at EVHS for years has used a framework of systems, leadership, instruction, and culture to guide our school wide areas of focus. For example, last year we identified that cell phones had become a source of different problems at school. So to improve the general culture in our building, we made a systems change around policies for cell phone use during class time to help improve our instructional environment. Although listed as four separate areas the collective of systems, leadership, instruction, and culture constantly cross over and influence each other.

We have updates to two of our systems for the 2022-23 school year. At our registration days in August we passed out information regarding Eagle County Schools standards based grading and attendance policies. Use the following links to access the handouts:

All of these documents reflect systems that are important to the culture and instruction in our school community. There are policy details that are important to understand; yet, the overarching communication is that we will continue to modify our systems in order to change or improve our outcomes.

our new

EVHS is excited to announce the hiring of Kimberly Lanham as an Assistant Principal. Kimberly brings almost 15 years of experience as an Assistant Principal in schools in her home state of Texas. After getting a chance to move here so late in the summer, she has joined us in the last week and has hit the ground running. We are excited to add her enthusiasm and expertise in the many leadership roles she will be taking on. Please join us in welcoming her to the EVHS community.

PICTURE RE-TAKES

September 12, 2022

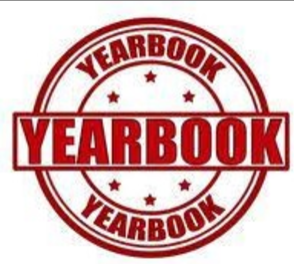

Students that did not have their pictures taken at registration will be called down alphabetically to have their pictures taken between 8 am and 11am.

Chrome Book Check Out

Our Eagle Valley High School Permanent Substitute Team is working in the Library/Media Center and they have noticed that a ton of students are coming to temporarily check out chromebooks and chargers. They understand that last year it was a normal practice to loan the devices out to students that forgot theirs, but they are moving in the direction of only offering loaners in the event of emergencies that include testing needs or devices not functioning properly. This is both due to instilling more responsibilities in students as well as the fact that there are not enough loaner devices to satisfy the need of every student that leaves their device at home.

In regards to devices that are experiencing issues, please know that the team in the Library/Media Center are able to help address problems, and they can help connect students with IT if more complicated issues exist. ***It is vitally important that EVHS students do not forget their chromebooks or chargers to ensure that they are equipped and ready to learn daily.***
