Student Activities

Welcome, Class of 2024!,

As you look forward to arriving to campus next month, I would encourage you to start thinking of the ways that you might like to get involved on campus. get involved, developing one's creative ideas and leadership abilities. SAC is made up of thirty-five volunteers, one of which will be the Freshmen Class President. Being a class president will give you the opportunity to serve your class and participate in several committees as well as coordinate and host the Halloween Party. Information about the election process will be provided during orientation.

Another way to get involved is to join or start a club. There are currently over twenty-five active clubs that range from the politics to pro-life groups. To see a full list, follow this link to the [Student Clubs webpage](#). One of the beautiful things about Christendom is the wide range of opportunities that there are for leadership and involvement. So, start thinking about getting involved and joining one of the many groups on campus! I look forward to welcoming you in a few weeks!

God bless,
