Upcoming Conferences, Trainings, and Workshops

The ISU Office of Economic Development and Industry Relations offers a variety of events designed to help businesses grow. Whether you're interested in learning about the latest research-proven methods and best practices in your industry or looking for opportunities to connect with peers and experts, our events have something for everyone. From workshops and seminars to conferences and trade shows, our events cover a wide range of topics and are tailored to meet the needs of businesses of all sizes and industries.

New Doors
Industries Open
Scouting Helps VT

Innovation: leaders and staff explore emerging business opportunities in the Fort Dodge area. City Mayor Paul Wedemeyer says the emphasis is on developing strategies and ideas to improve the city’s economy.

When They See What ISU Can Do
Touring Tech – Manufacturers Find Value

Registered attendees are in for a treat this fall when they hop on a bus to visit ISU’s research labs. The annual Tech Tour is an opportunity for manufacturers to see the latest and greatest in innovation and technology, directly from the source. This year, the tour includes stops at CIRAS, the ISU Materials, Structures, Non-Destructive Evaluation Lab, and a host of other state-of-the-art research facilities. Attendees will have the chance to learn about the latest research and development projects, and network with peers and experts in the field. Space is limited, so register now to reserve your spot!

MEP Best Practices Conference: Lessons Learned

The MEP Best Practices Conference is an annual event designed to help businesses improve their operations and maximize efficiency. The conference brings together experts from a variety of industries to share best practices and insights on how to improve performance in key areas such as manufacturing, engineering, and project management. This year’s conference will feature keynote speakers, panel discussions, and interactive workshops, all focused on helping businesses improve their bottom line. Don’t miss out on this valuable opportunity to learn from the experts and take your business to the next level.
