

November Specials

The NEW Dermalinfusion Facial Is Here!

This month only \$99! (\$70 savings).

Dermalinfusion is a three-in-one skincare treatment that provides intense **hydration**, exfoliation, and infuses skin with powerful serums to address specific concerns—whether that's congestion, dryness, fine lines, or sun damage. The treatment is personalized to uniquely meet the needs of each patient. Dermalinfusion is superior to other "hydrating facials" on the market because it penetrates deeper and has better clinical outcomes.

And best of all, there's NO downtime! After a treatment your freshly **hydrated** skin will be glowing, supple and fresh.

The Return of the CO2: Why These Next-Level Lasers are a Perfect Procedure for Fall

More and more people are realizing the power of fractionated CO2 laser resurfacing. This technology can be customized and utilized by people of all ages. Contrary to popular belief, laser resurfacing is not just for patients with wrinkles and sun damage. Younger men and women are realizing the advantages of performing laser resurfacing early. Dr. Hilty and Dr. Sekharan have been performing CO2 laser treatments for over a decade. A superficial ablation at lighter energies is ideal for battling dullness, mottling and fine lines. And, thankfully, the downtime with a light peel can be minimized to 2 days of redness plus 2 days of mild peeling. All CO2 treatments of superficial to medium depth are on sale at 20% off through the holiday season (\$560 and \$1120 respectively).

ZO Skin Health
~Brightalive~

This month only \$96 (20% off).

Fall weather can dry out your skin! Brightalive®, with it's hydrating formula and antioxidants will calm and soothe irritated skin. This product has a 12 hour release of its core ingredients making it a power house against decreasing chronic inflammation, breaking up existing pigmentation, and controlling the production of melanin.

Charity of the Month

This month we will be donating 5% of product sales to The House, a local non-profit that provides a shelter for teens in need. In addition to a safe place to sleep, there are mentors and advocates that look out for the teens safety and well being.

Jill Hilty, MD FAAFP

Joyce Sekharan, MD FACS

April Ross, NP

Erin Lambert, CLS

Christi Vogt, CLS
