Dear Tufts Community,

Supporting dynamic programs at Tufts University in religious, spiritual, ethical, and cultural life is easy and vital to community building that emphasizes sustainable action, equity, and celebration. This paid position will provide an opportunity to join a team focused on making the University a welcoming and inclusive academic home.

**Sustainable CORE Fellow Position**

**Description:**
Sustainable CORE Fellows work to foster a culture of sustainability at Tufts. They engage in inclusive multifaith spaces on campus. Ambassadors offer opportunities to bring people of diverse backgrounds and beliefs together for reflection, community-building, advocacy, and service. To apply, you must have a strong background in sustainability and a commitment to promoting a diverse and inclusive campus environment. Your role will be to help facilitate events and initiatives that align with this mission.

**Responsibilities:**
- Engage with students, faculty, and staff to promote sustainability initiatives
- Facilitate inclusive events and activities that align with the mission of the University
- Collaborate with departmental partners to support sustainability goals
