Tuesday, December 8, 2020 | 2 to 3:30 p.m.

Celebration of Success

Artificial intelligence techniques like deep learning introduce automation to the products we build and the way we work with our colleagues.

Friday, November 20, 2020 | 10 a.m. to 1 p.m.

Health Disparities Multidisciplinary Research Roundtable

Few know more about the current state of the Potomac than R. Chris Jones, Director of the Potomac Environmental Research and Education Center (PEREC). PEREC has a longstanding research commitment to restoration and local sustainability practices of the Potomac.

Friday, November 20, 2020 | 10 a.m. to 12:30 p.m.

Mason Science Series: PEREC Protecting the Potomac

R. Chris Jones, Director of the Potomac Environmental Research and Education Center (PEREC) and scientist consultant for Booz Allen Hamilton.

Thursday, November 19, 2020 | 4 to 5 p.m.

Haw Chuan Lim, Biology assistant professor

How does research into bird diversity influence the power of comparative genomics? The second article in a two-part series, our interview with Mason biology assistant professor Haw Chuan Lim.

Thursday, November 19, 2020 | 4 to 5 p.m.

More on his work

Haw Chuan Lim's work on bird genomes gaining traction: the first article in a two-part series, our interview with Mason biology assistant professor Haw Chuan Lim.

Thursday, November 19, 2020 | 4 to 5 p.m.

Recognize INTO Mason's Graduate Pathway

Poster Colloquium

Mason's Multidisciplinary Student Teachers and Research Assistants (STARS) in CDS 101 and 102. She currently works as a Data Scientist Consultant for Booz Allen Hamilton.

Thursday, November 19, 2020 | 4 to 5 p.m.

Student Teachers and Research Assistants (STARS)

In CDS 101 and 102. She currently works as a Data Scientist Consultant for Booz Allen Hamilton.

Thursday, November 19, 2020 | 4 to 5 p.m.

Data Science turns humanities into STEM

When she first arrived at Mason, a degree in STEM was furthest from Deja Watkins' mind. However, she soon found her way into a student onto STEM program.

Thursday, November 19, 2020 | 4 to 5 p.m.

Data Science turns humanities into STEM

Happening at Mason

Mason moments that matter

As Mason works to safely expand on-campus operations, they are looking for new ways to support our faculty and staff community and increase our ability to utilize the campus. Mason is currently exploring options to reward faculty and staff with complimentary tickets to Mason events.

Thursday, November 19, 2020 | 4 to 5 p.m.

Mason moments that matter

This time of year, we enter the season of harvest and gratitude. When the work we've done is starting to show breakthroughs in research, start-up companies, and community engagement, we can begin to reflect on the year and express our thanks.
