CINA Research Student Awarded Fellowship

Kosmas, a National Institute of Justice Graduate Research Student Awarded Fellowship

The three-year award will support Kosmas' research in Trafficking Networks and Human Rights. Kosmas is exploring how to model and disrupt human trafficking with a goal of developing quantitative tools to assist criminal justice practitioners in policy making for combatting human trafficking. His work will expand upon network interdiction models to appropriately model the qualitative and quantitative tools to assist criminal justice practitioners in policy making for combatting human trafficking. CINA Welcomes 2020-21 Open NSF White Paper Submissions

CINA continues to welcome white paper submissions presenting research ideas intended to address questions and challenges that CINA, DHS, and/or its federal partners are currently facing, or are expected to be facing in the near future. This rolling RFP provides an opportunity for researchers to propose white papers on topics of interest to CINA, DHS, and/or its federal partners.
