**CINA Research Student Awarded Fellowship To Support Research in Disrupting Human Trafficking Networks**

Kosmas has been awarded a National Institute of Justice Graduate Research Fellowship. The three-year award will support Kosmas' research in Trafficking Networks and will enable him to develop quantitative tools to assist criminal justice practitioners in policy making for combating human trafficking. His work will expand upon network interdiction models to appropriately model the nuances of how trafficking networks operate, and develop new solution methods that account for these complexities in modeling and disrupting human trafficking networks.

**Fellowship. The three-year award will support Kosmas' research in Trafficking Networks and will enable him to develop quantitative tools to assist criminal justice practitioners in policy making for combating human trafficking.**

**CINA Welcomes 2020-21 Open NPP White Paper Submission Call**

We invite articles, photos, videos, and story ideas for our next issue. Visit our website's digital archive to view more research and past events hosted by CINA, DHS, and/or its federal partners and submit a proposal (June 2020 – June 2021).
