The fall semester is almost finished, and it's time to think about where you want to live next fall. Look into the advantages of the opportunities for engagement (such as our student clubs and organizations) that will forge friendships and networks that last a lifetime.

While we put the finishing touches on 2018 and look toward the future, we are grateful that we are all on this journey together. You and your Tiger are all part of the much larger LSU community that spans the globe. Collectively, we are stronger than the sum of our parts.

Tiger Pride!

While we plan for the future, we can also look back at some of the things we accomplished together this year. Here are some highlights from the past year:

- The fall semester has been successful for many of our students. We hope they have had the opportunity to learn and grow academically.
- Many students have taken advantage of the opportunities available on campus, such as tutoring and personal training.
- We have seen a significant increase in the number of students participating in extracurricular activities.

These accomplishments are a testament to the hard work and dedication of our students, faculty, and staff. We are proud of all that we have accomplished together so far.

It's finals time - how do you feel about it? It was only yesterday. I already, even before finals, I was looking forward to the break. Make sure your Tiger is getting the help they need with the Center for Academic Success.

Once your Tiger has successfully completed their exams, it's time for them to enjoy some well-deserved rest and relaxation. Remind them to be kind to themselves and to take care of themselves.
