Purchase Order (PO) Closure Process
The Google form for closing POs was launched last week. This serves as a friendly reminder to utilize this process for all future PO finally close requests. Any Services & Support cases submitted asking to close a PO will be redirected to the form.

Journal Import Template
Oracle has released an updated version of the journal import template. Users who previously saved a copy to their local drive will receive a “(500) Internal Server Error” when uploading the journal. The solution is to download a new journal import template in Oracle. The pathway from the Oracle Homepage: General Accounting > Journals > Task List > Create Journal in Spreadsheet.

Important Reminder for Farmers GroupSelect Policyholders - Action Required
If you have a current home or auto insurance policy through UC with Farmers GroupSelect and want to ensure new coverage upon expiration of that policy, contact Farmers today: 855-246-0285. Refer to the UCnet announcement for details.

We're thrilled to announce the addition of a "Processing Cost Transfers" page on Blink!
This page includes detailed information about cost transfers on payroll-related expenses, clarification on costs that move via or based on SCTs and Direct Retros with timelines, step-by-step guides, expenditure item type lists, and more! There are also links and related pages that serve as a comprehensive resource for all things related to cost transfers.

A big thank you to everyone who contributed to this effort!

Cost Transfer Workflow Step Updated - IGNORE “Rejected by workflowsystem”
A “behind the scenes” step in the Cost Transfer workflow has been updated to prevent transfers auto-completing if they’re withdrawn from the “Created by Me” area (See Weekly Digests from 10/10/23 through 10/31/23 for details on the issue). The step will now show as “Rejected by workflowsystem” however you can IGNORE this, it does not reflect the actual status of the transfer. Unfortunately, it can not be hidden from view.

To confirm the status of your transfers, please use the Transfers by Status report on the Project Cost Transfer panorama.
With that change, now if you withdraw from the “Created by Me” area on the OFC dashboard, the adjustment status will show as “Approval Rejected” but if you click on the status, the approval history will show “Withdrawn by.”
