Financial Aid. VSE Subcategory has two levels that further define a broad gift fund purpose; examples include “Department Support” and “Endowed Chairs.”

The **Chart of Accounts Panorama** has also been enhanced to include the entire hierarchies for VSE Category and VSE Subcategory so that you can review how all gift funds are categorized.

Additional enhancements have also been made to the **Gift Fund Balances** reports:

- Report output has now been limited to include only gift funds.
- The default view now repeats all rows rather than grouping financial unit and fund columns. An alternate view is still available that includes the grouping.
- A prompt for L3 Financial Unit (School level) has been added.
- Financial unit and project numbers have been updated to a number-name format.

**Tips & Tricks**

**Looking for a Card Transaction? Try this Concur feature!**

From your Expense Tab, click on View Transactions. You’ll be able to see all UCSD payment card transactions with various sorting options. You can see the transaction itself and if it was processed in an Expense Report.

This feature is useful for anyone who manages transactions on P-Cards, T&E Cards, and Concur/Balboa bookings.

**Company Card Charges**

**Travel Card Per Diem Offset**

Please remember that the expense type of “Travel Card Per Diem Offset” should only be used when the Travel Allowance feature is used in an expense report with Travel & Entertainment (T&E) Card charges. This expense type is used to offset the Per Diem added to an expense report. If used incorrectly, it will create a credit memo in the travelers Oracle (OFC) profile which will need to be corrected.

**Business Purpose on Expense Reports**

Please remember to provide a detailed UCSD **business purpose** for an Individual/Other to travel on behalf of the University. If the description in the report header does not provide enough information to justify University business travel, the Central Office will reach out for additional information and may delay the reimbursement to the traveler.
Personal/Non-reimbursable Expenses for Guest Travelers
For Guest Travelers (non-employees, students, etc.) who have expenses that are not reimbursable, please do not use the expense type of Personal/Non-reimbursable as it will create a credit memo under the Delegate’s profile. In this situation, please reconcile the expense report as normal and add a comment explaining that the Guest Traveler will pay back the University. It will be the department’s responsibility to obtain the funds from the Guest Traveler outside of Concur. For more information on how to make a deposit back to your department’s chartstring, please check out the Cashiering Services Blink page.
