Financial Accounting Program Application is Open!

This week, we are kicking off the Spring Quarter of our Financial Accounting Program. During the Spring Quarter, we will be offering the following courses:

1. **Oracle: Buying and Paying for PO Requisitioners**
   - **Date:** Thursday, March 3, 2022 @ 9:00am - 11:00am
   - **Focus:** This course includes hands-on instruction on the use of Oracle Procurement & Payables. It focuses on topics such as shopping for and purchasing goods and services, searching across UC contracts, and creating purchase orders. This course is held quarterly and is not an introductory course. Participants must first confirm their eligibility to complete the associated training requirements.

2. **University Procurement Card Program**
   - **Date:** Thursday, April 7, 2022 @ 9:00am - 11:00am
   - **Focus:** This course brings faculty and staff together to discuss the University Procurement Card Program. It covers all aspects of the program, including summarized guidelines and on-demand resources. Faculty and staff will be learning about the program requirements, how to get your direct retro with cap gap to work, and how to handle a GL-PPM discrepancy.

3. **Oracle Financials Cloud with regards to accounting and validation**
   - **Date:** Thursday, May 5, 2022 @ 9:00am - 11:00am
   - **Focus:** This course provides an overview of Oracle Financials Cloud and how it can be used for accounting and validation. It includes hands-on instruction on how to use the software and includes a Q&A session.

4. **Oracle: Budgeting**
   - **Date:** Thursday, June 2, 2022 @ 9:00am - 11:00am
   - **Focus:** This course covers the basics of budgeting using Oracle Planning and Budgeting. It includes hands-on instruction on how to set up a budget, create budget versions, and manage budget exceptions.

5. **Oracle: Consolidation**
   - **Date:** Thursday, June 23, 2022 @ 9:00am - 11:00am
   - **Focus:** This course covers the basics of consolidation using Oracle Planning and Budgeting. It includes hands-on instruction on how to set up a consolidation scenario, create consolidation versions, and manage consolidation exceptions.
