Oracle Reporting Technology Upgrade

In March, Oracle will be upgrading some of its reporting technology to improve performance. Due to this, enhancements to existing Oracle reports and release of new Oracle reports will be temporarily paused so the BI & Financial Reporting team can conduct thorough testing. This will not impact the launch of the Faculty & Researcher Dashboard, nor will it impact the accuracy of the data in existing panoramas or reports. More information and updates coming soon.

Concur Profile: Default Approvers (Read-Only)

All Default Approver fields under the Concur user's Profile Settings (*Request/Expense Approvers*) will be switched to Read-Only for consistency purposes and to prevent future errors.

- The first **Default approver** field is reserved for departments who request or require [Supervisor Approval](#) to be added to the standard approval workflow of every Request/Expense Report.
- The **Default approver 2** field is designated for the IPPS Procurement Card Team's use only. The Procurement Card Program Administrator enters the name of the cardholder's

authorized [Department Administrator](#) in this field; no other user should be editing this field.

If you have a Supervisor Approver listed in your Profile, the approver will remain in the field and will not be affected by this change. If you need to update, remove or add your Supervisor Approver per your department's policy, please submit your request to IPPS via Services & Support (*More Specifically: *Procurement Card*, or *Concur Navigation* for all other policies).

Note that approvers also have the ability to edit a Concur document's workflow and add additional approvers if it is not required for the Supervisor Approver to review every Request/Expense Report. Review [this Knowledge Base Article \(KBA\)](#) for more information.

The screenshot shows the 'Expense Approvers' settings page in the Concur system. The left sidebar contains a navigation menu with categories: 'Your Information' (Personal Information, Company Information, Contact Information, Email Addresses, Emergency Contact, Credit Cards), 'Travel Settings' (Travel Preferences, International Travel, Frequent-Traveler Programs, Assistants/Arrangers), 'Request Settings' (Request Information, Request Delegates, Request Preferences, Request Approvers, Favorite Attendees), and 'Expense Settings' (Expense Information, Expense Delegates, Expense Preferences, Expense Approvers, Favorite Attendees). The 'Expense Approvers' link is highlighted. The main content area is titled 'Expense Approvers' and has 'Save' and 'Cancel' buttons. It contains three sections for setting default approvers: 1. 'Default approver for your expense reports.' with a search field containing '[Supervisor Approver-Optional]'. 2. 'Default approver 2 for your expense reports.' with a search field containing '[Procurement Card Program Admin Only]'. 3. 'Default approver for your cash advance requests.' with an empty search field.

Financial Accounting Program Application is Open!

The Financial Accounting Program application **opened last Friday, February 18** and **will be live through Friday, March 4**. For those interested, please be aware that you will need to obtain your supervisor's endorsement to complete your application. If you would like to look at the form, please view it in the Application Process section of the [program Blink page](#).

For those who already applied and have yet to start the program, you should have received an email on February 7 inquiring about your interest. If you did not receive an email and you applied during Fall 2021 or Winter 2021 and desired a Spring Quarter start, please contact financesupport@ucsd.edu.

Additional Spring Quarter Details:
