

The Arizona Developmental Disabilities Planning Council continues our profile series to help community members get to know the people who represent Arizonans with disabilities. This month we are featuring the two Directors of the University Centers for Excellence in Developmental Disabilities (UCEDDs) that serve the state of Arizona.

Council member Wendy Parent-Johnson

Wendy Parent-Johnson, Ph.D., grew up in Buffalo, NY, and from middle school through college, she lived in the place she calls home, Richmond, Virginia. She is the Director of the University of Arizona Sonoran Center for Excellence in Disabilities, a role she has held since November 2018. She is also a professor in the UA College of Medicine -Tucson's Department of Family and Community Medicine and the principal investigator on multiple grants that range across the lifespan of individuals with disabilities from Early Intervention to adulthood. In addition, Dr. Parent-Johnson serves as the editor of the *Journal of Rehabilitation*.

Next is Council member Kelly Roberts

Dr. Kelly Roberts is the youngest of five siblings and jokes that she was born to be an educator. As a child growing up in Michigan, she had a friend in kindergarten who liked to eat snow. To convince him that this was a bad idea, she put some snow in a glass jar and let it melt to show him how dirty it was, and starting her journey as an educator at a very young age. Kelly is originally from Michigan, and has lived time in Pennsylvania, New Jersey, Hawai'i, and Arizona. In fact, Kelly was lucky enough to spend 21 years in Hawai'i, 2 of which were as a special education teacher, 2 working in the mental and emotional health field, and 17 as an instructor and researcher at the University of Hawai'i at Manoa. (As a side note, her nephew is a past Teacher of the Year in Phoenix.)

Supporting Inclusive Practices in Colleges Program (SIP-C)

NAU event with SIP-C participants

Supporting Inclusive Practices in Colleges (SIP-C) is a postsecondary transition program seeking to empower individuals with intellectual disabilities to participate and thrive in higher education. A team of dedicated professionals engages directly with college-bound students to foster an atmosphere of inclusion. Now in its fourth year, the team is located at Northern Arizona University's Institute for Human Development (NAU-IHD) and works collaboratively with Coconino Community College, Mohave Community College, Northland Pioneer College, and Arizona Western College.

Spread the word. Keep your community covered. AHCCCS and KidsCare have returned to regular renewals.

Regular Medicaid Renewals began April 1, 2023, and the Arizona Health Care

Cost Containment System (AHCCCS) is required to resume the regular renewal process and disenroll ineligible individuals from AHCCCS and KidsCare. Over the course of 12 months, AHCCCS will complete a full eligibility renewal for all 2.5 million enrolled members, following a careful plan designed to make sure that no eligible members are wrongly disenrolled, and that anyone who no longer qualifies for Medicaid is referred to other health care insurance options. The return to regular renewal processes will be the first time in three years that Medicaid and Arizona's Children's Health Insurance Program (CHIP) members who no longer qualify for Medicaid will be disenrolled. Members will be notified of their eligibility renewal prior to their month of renewal.

What AHCCCS Members Can Do To Prepare for Renewal:

- The most important thing AHCCCS members can do right now is **update their contact information in Health-e-Arizona Plus** (www.healthearizonaplus.gov). To update contact information, log in to www.healthearizonaplus.gov or call Health-e-Arizona Plus at 1-855-432-7587, Monday through Friday 7:00 AM - 6:00 PM.
- **Sign up for text/email notification alerts from AHCCCS and respond to all AHCCCS requests for information in a timely manner.** To sign up for text/email alerts of AHCCCS notifications, log in to www.healthearizonaplus.gov, go to "Message Center" on the toolbar, and click on "Manage My Alerts and Letters." Look for a letter from AHCCCS and respond if needed.

Introducing the Sonoran Center for Excellence in Disabilities at the University of Arizona's new *"What I Want for My Life"* webinar series. This program includes six different webinars, with five still remaining! You will need to register for each separately.

Webinars will be moderated by self advocates and will provide participants with opportunities to hear from self advocates and supporters about the importance of having the early expectation of an integrated community employment goal. They will share what worked and didn't in staying true to that goal when barriers arose, as well as advocacy strategies, such as peer or family supports or finding a mentor, as powerful barrier busters. The panel will offer tips on what they wished others had shared when they first expressed their employment goals and considerations for participants in their own journey.
