- What Payees need to re-register in PaymentWorks
- What is the employment status of a Payee
- What are all the business classifications for a Payee
- What kind of payment option is set up for the Payee
- Whether or not suppliers are registered to submit their invoices via Transcepta

Instructions on how to access and run this report can be found in the Procure to Pay Panorama’s blink page or on the KBA How to Use the Supplier Inquiry Report.

Campus Budget Office Updates

FY24 Oracle Budget is Final and has been loaded to OFC and The Activity Hubs
You can visit the Planning and Budgeting Dashboard in the Business Activity Hub to find common reports such as the Budget vs Actual Report to view your budget.

Core Funds Allocations Update
Core resource allocations are targeted for the August period close with some important changes from prior years to note. In response to feedback to facilitate reporting and tracking of funding from the Campus Budget Office, this year’s allocations will include 5 separate journals that will be posted to the General Ledger.

A key change this year includes the use of different account codes to isolate the Core recurring base budget allocation for compensation and non-compensation. Additionally, a separate journal will be transacted to facilitate transparency of the compensation inflation backout from the Target and base budget plans. Lastly, new incremental allocations for approved budget process funding and the mid-year compensation program will be processed separately.
Please refer to the table below for the journal descriptions and account codes.
