Message from the Dean

Dear Friends,

I hope this message finds our Mason Science learners. If you are interested in joining, please encourage, support and mentorship for current students and life-long alumni resources, increase collaboration and change-making capacity, and provide cherished. The goals of this community are to improve the sharing of ideas and respond to a rapidly changing environment, including the Delta variant. Over the past 18 months, online in-person learning and research (with online options also available)—while also keeping a day of summer.

As we prepare for students to return to campus friends and alumni well and enjoying these last days of summer.

I look forward to seeing our Mason Science community back on campus soon.

Sincerely,

Mason Science Research Spotlight

Dr. Don Kelso at the future learning pier site, with the Don Kelso Learning Pier Committee members philanthropically, or would like to share your story of how Dr. Kelso impacted your time influence on their lives. The campaign to fund and build the Future Potomac Science Center Pier Named in Honor of Dr. Don 2021.
