A Note From Parent to Parent...

We have been blessed the past couple of months with some pretty incredible volunteers. Our network is in constant motion with activities, events, trainings and support meetings. There are 5 staff members, all part time employees, and having extra help is essential in making programs work. Since January we have had volunteers assisting with basketball, bowling, SOAR events, workshops, trainings, calling parents, putting packets together, putting together posters for Down Syndrome Awareness and Autism Awareness, and caregiving during our meetings. We have room for any talent and ability in our network as a volunteer. If you are a people person and like to be around a crowd, we can use you in SOAR, at an outreach event, or any of our other events. If you are an introvert but want to help, we can use you in our office, setting up for different programs or creating flyers and posters. If you are out in our community and can deliver brochures and such, we can use you. We appreciate any and all help you can give. It truly is a gift to our staff and network. Please consider giving your time and talents to the Disability Network. It's easy to sign up through our website under the volunteer tab and all hours are counted toward community service hours for school, on resumes and college practicum hours. And I think you will find in giving you will also receive experiences, smiles, laughs and happiness.
