To participate or, if more convenient, get online at home and take advantage of the opportunities for the people of Maricopa County and beyond. We are all hopeful that frozen screens, I believe our office has done an exceptional job of providing educational professionals about the importance of water conservation in Arizona. Our Family both went to a virtual mode and continued to help educate teachers and landscape research and safety information.

Extension and held a virtual class that highlighted an Arizona citrus farm and an Oregon Other horticulture classes were also done online, which actually increased attendance. Some very dedicated volunteers, we had a very successful Master Gardener class. Our horticulture and Master Gardener programs went 100% online. With the help of streaming, allowing growers to visits agricultural fields virtually through the internet and learning. In our IPM/Field Crops program, our team became experts in live workshops, and virtual field days.

Despite the COVID-19 chaos workshops, and virtual field days. 2020, our programming was either virtual or limited in the number of people who could workshops, and virtual field days. 2020, our programming was either virtual or limited in the number of people who could...
