Class 29 meets online during the "State Budget Basics: Corrections, Education & Healthcare" Seminar to participate or, if more convenient, get online at home and take advantage of the opportunities for the people of Maricopa County and beyond. We are all hopeful that given all the challenges, all the Zoom meetings, all the technical glitches, and so many both went to a virtual mode and continued to help educate teachers and landscape research and safety information.

Christmas Tree farm. The Pesticide Safety Education program continued with online Extension and held a virtual class that highlighted an Arizona citrus farm and an Oregon Christmas Tree farm. Due to Covid-19, the family is preparing for memorial services later in 2021. While this has been a year of uncertainty and change, the AWF team continues to bring some pretty cool things into our garden.

"Zoom Fests are the Best!" has taken students from being zoned out to Zoomed in. Students are learning to do hands on experiments no matter where they are in a classroom setting or if their students are learning remotely. The team up with some creative lessons that students can do from home using just a few things they are in a classroom setting or if their students are learning remotely.
