FACULTY DIRECTOR MESSAGE

Dear OCE Community,

As we look back on 2020, it was a year filled with challenges, but it was also a year rich in opportunities. We had the opportunity to work with our local communities and partners to address critical issues such as food insecurity, food deserts, and diabetes among minority populations.

In the past year, we have continued to grow our Valley Fellowship Program, which has now included nine new fellows. These fellows have been working with our community partners to address issues such as COVID-19 awareness and preparedness, food insecurity, and diabetes in minority populations.

We would like to take this opportunity to recognize the hard work and dedication of the community partners, faculty mentors, and fellows who have been part of this program. Your efforts have been crucial in helping us address the needs of our local communities.

As we begin the new year, we are excited about the potential for continued growth and collaboration. We are looking forward to working with our partners to continue to support the health and well-being of our local communities.

In conclusion, we would like to say thank you to everyone who has supported our work over the past year. We are grateful for your contributions and look forward to continuing to work together to create a healthier future for all.

Happy New Year!

Sincerely,
[Signature]

COMMUNITY ENGAGEMENT

As we look back on 2020, we can see how the COVID-19 pandemic has impacted our lives and our communities. It has highlighted the importance of community engagement and the need to address the challenges facing our communities.

We have continued to work with our community partners to address issues such as food insecurity, food deserts, and diabetes among minority populations. Through our Community Health Symposium, we have been able to bring together experts from various fields to share their knowledge and insights.

We would like to take this opportunity to recognize the hard work and dedication of our community partners, faculty mentors, and fellows who have been part of the Valley Fellowship Program. Your efforts have been crucial in helping us address the needs of our local communities.

As we begin the new year, we are excited about the potential for continued growth and collaboration. We are looking forward to working with our partners to continue to support the health and well-being of our local communities.

In conclusion, we would like to say thank you to everyone who has supported our work over the past year. We are grateful for your contributions and look forward to continuing to work together to create a healthier future for all.

Happy New Year!

Sincerely,

COMMUNITY PARTNER HIGHLIGHT

One of our community partners, the Health Career Collaborative, has been working with us to address food insecurity in the community. Through their Food Box Pilot Study, they have been able to provide food to those in need and provide nutrition education to help them make healthy choices.

We are grateful for their partnership and look forward to continuing to work with them in the future.

Sincerely,

DECEMBER 2020 NEWSLETTER

Save the Date!

The School of Medicine Office of Community Engagement and Outreach will be hosting our 7th Community Town Hall on Wednesday, March 31, 2021, from 3:30-6:30 PM PST. This virtual event will bring together leaders from the local and regional community to provide information on COVID-19 vaccine readiness and COVID-19 research opportunities.

We encourage you to join us for this event and to continue to support our community partners in their efforts to address the challenges facing our local communities.

Sincerely,
