Summer Q20: Antonio Chahine, Melissa Eidman, Sam Gyudzhyan, Grace Li, Lillie Reed, Emmy Gefter, Stanford Medicine for your support and guidance. We look forward to your poster wrapped up their successful projects and provided a solid foundation for our future young medical training, and expertise in Community-based Participatory Research (CBPR), particularly in the area of minority health and health equity among racial/ethnic minority groups in the US and Latinxs.

Lisa Goldman Rosas, PhD, MPH

Please watch brighter tomorrow. May the New Year bring us all patience, peace, health, joy, and hope...continue to support one another so we continue to grow and learn. Follow us on our journey for a

The Community Health Symposium is an annual event established in 2002 by Stanford medical students. This special 19th Annual Community Health Symposium |

COVID-19 Community Town Hall | Vaccine Readiness

Wednesday, March 31, 2021 | 3:30-6:30 PM PST

The COVID-19 Community Town Hall is an opportunity for you to learn about COVID-19 research that is currently ongoing at Stanford University, as well as being able to ask questions of subject matter experts. This virtual event will be held online via Zoom.

What do you want to know about COVID-19 research at Stanford? We’ll provide answers!

We are bringing together experts from all over the county to answer your questions: 

- Superintendent of Schools for the East Palo Alto Community School District
- A Stanford University School of Medicine faculty member who is a COVID-19 clinician
- A Stanford University School of Medicine graduate student
- A Stanford University School of Medicine alum who now works in the community
- A Stanford University School of Medicine team member who is working on the COVID-19 vaccine. For the COVID-19 Vaccine Readiness study, learn more
