ELECTED DIRECTOR MESSAGE

“Whether big or small, a very merry holiday!”

It’s another busy year at the School of Medicine. With the ongoing pandemic, there have been many challenges we all faced. I am grateful for our colleagues and partners, who have continued to work tirelessly throughout this year – providing care, advancing research, and supporting community members. Here’s to another year of discovery and learning together.

COMMUNITY ENGAGEMENT

FACULTY DIRECTOR MESSAGE

New Faculty Members

As Associate Director of Research, Dr. Rodriguez Espinosa brings extensive research experience, training, and expertise in Community-based Participatory Research (CBPR), particularly in the area of health equity. As Research Coordinator, Hector’s past research experience aids us in the planning and implementation of research protocols on OCE projects and initiatives under the direction of Drs. Goldman Rosas, Chen, and Rodriguez Espinosa.

SPECIAL LITTLE WELCOME

Please join us in a long overdue welcome to Hector Romero, MS-HCA (L) and Patricia Rodriguez, PhD, MPH (R) who joined our team over the summer!

This year’s Community Health Symposium!

Learn more about the presentations at next year’s Community Health Symposium! Please consider donating to EPAA to support their work with professionals. Special thanks to their mentors, Amika Guillaume, EPAA Principal and Dr. Liana Shearer, and Ashley Palmer Steveson.

EXCLUSIVE SITE VISIT

Fall Q20: Vivian Lou and Anshal Gupta

As Faculty Director, I wanted to share with our community some of our exciting projects and events that have taken place at OCE during this past year. This fall, we had the opportunity to host a site visit with Drs. Vivian Lou and Anshal Gupta.

IN THE NEWS

19th Annual Community Health Symposium | Inside this issue:

Inside this issue of the DECEMBER 2020 NEWSLETTER, we will highlight our local, state, national and global community-engaged research efforts. The 3-hour virtual event will feature 10th and 11th grade students. This summer, the fellows assembled six (6) panels of leading experts in the fields of infectious disease, behavioral science, law, healthcare, public health, and education. Bringing together these disciplines, we hope to bring together new perspectives for health care in the midst of the pandemic.

RESEARCH

Food insecurity: The lack of consistent access to enough food for basic nutrition needs (2020).
