## May Specials

ADVANCEDSKINCAREGJ.COM

# Injectable Special

## **Add a vial of Sculptra to any Botox/Dysport Treatment for \$600 (a savings of \$100)**

With age, collagen decreases in the skin and you may notice volume loss.

Activate your skin's natural regenerative process with Sculptra Aesthetic and help replenish lost collagen, the most common protein in the body that supports cells and tissue. This FDA-approved injectable subtly and gradually helps restore facial volume. One vial can help maintain collagen in the face before loss occurs.

*Treatment must take place in May.*

# Esthetician Special

## PRP Microneedling \$500

(a savings of \$75)

This treatment combines microneedling with topical application of your own plasma for an extra boost in diminishing fine lines and wrinkles.

*Appointment must be completed in May.*

*Special available with Erin Lambert, Amber Schultz, and Christi Vogt.*
