Happy Fall Y'all!

You be enjoying the weather this fall? Outside are bountyful. Less stress, better sleep, and healthy exercise are just a few of many. How will you be enjoying the weather this fall?

Sustainability Day Symposium

Join us at Blount Student Center for our Sustainability Day Symposium! This day is dedicated to raising awareness about sustainability and promoting sustainable practices around our campus. There will be various presentations and workshops throughout the day, covering topics such as waste reduction, climate action, and sustainable living. Make sure to check out our website for more information and to register for the day's events.

Next CCE Meeting

The Committee on the Campus Environment (CCE) will meet on October 15th at 3 PM in the Commerce Building. This meeting is open to the public. We look forward to seeing you there!

Volunteer With Us at a Football Game!

As we work to make our campus Zero Waste, we need your help! Each game day our office needs participants to encourage and facilitate recycling and composting on campus. Click the links below for more information and to sign up!

Volunteer With Us at a Football Game!

Join us at Biketober Fest

Join us at this year's Sustainability Day Symposium! In the morning, there will be poster presentations by students and tabling by local environmental organizations. Over 60 different stakeholder groups come together and discuss a variety of climate issues. In the evening, there will be a Climate Action Town Hall. This will help our campus to learn about what our local community is doing about sustainability.

Sustainability Job Openings

Below is a list of sustainability-related jobs across the US. They vary in experience required, ranging from summer internships to jobs that require several years of experience.

The October calendar is now available! We have multiple sizes and a phone background.

How to Have a Sustainable Halloween

It's spooky season! If you're frightened by the amount of waste generated during Halloween, read on to see how you and your friends can reduce your Halloween footprint.

1. Go to thrift stores to up-cycle funky outfits for your costume.
2. Swap costumes with a friend from the previous year.
3. Each year, costumes are sent right to the landfill after use. These materials are not biodegradable.
4. All volunteer participants will get a free meal and T-shirt. See you there!
