We are pleased to announce our new, Covid-safety-oriented:

2021 Open Studio Demonstrations & Sale!

Josh has been wanting to invite people to the studio again, but we were concerned about how to do it safely. Then, eureka, a solution! This year's Open Studio will feature:

- Multiple half-day sessions, each with a maximum of 40 visitors at a time.
- Masks and vaccination required.
- Windows open, with the studio's legendary ventilation fans working overtime.
- Respectful physical distancing, especially in the glass showroom.
- Attendance by pre-registration only (see below).

How will this work?

Over the course of four days in November, there will be eight half-day (3-hr) sessions. Each will be an opportunity to see beautiful glass being made, meet and chat with Josh, and purchase selected Simpson works - Planets, platters, vases, etc., many at special prices.

Dates: Nov. 5 and 6 • Nov. 12 and 13 **Sessions:** 8:30 - 11:30 AM • 1:00 - 4:00 PM **Location:** The JSCG Studio!

Only those with a ticket for that session will be admitted (sort of like going to a Broadway show, only... better?!) Full details can be found at Eventbrite.
