

June 20, 2022

PLEASE SHARE THIS OPPORTUNITY:

Wind & Oar Boat School has an open position as an *AmeriCorps* member working as a Program Instructor. The position begins this

September and runs through July of 2023. We're excited to partner once again with Confluence Environmental Center to bring this addition to our team.

For more information on the position and *how to apply*: go to

As school year projects came to close, students at

Alliance HS at Meek launched the Wind & Oar 12 (WnO-12). The class ran from December through June. The boat evolved to a new design as students reverse engineered a 1940's Old Town rowboat. It is a beauty. And, Sauvie Island School middle schoolers launched the school's second Bevin's (built throughout month of May)...on the island's on Dairy Creek. Congratulations all!

successful launch and row!

Summer camps began June 13th (rain or shine!)

We welcomed some new and some familiar faces during this first session with students from **Alliance HS** at Meek. Integrating hands on woodworking along with physics, math, and river ecology, students are also reading Hemingway's classic "The Old Man and the Sea." In collaboration with the Oregon Youth Sailing Foundation, students learn small boat sailing

in the afternoons. Later this summer we welcome campers from POIC/Rosemary Anderson; IRCO; IUrban Teen; and PPS Alliance once again to end the summer sessions.

Celebrating Juneteenth 2022!

As the second week of Wind & Oar summer camp begins today, on Juneteenth, now our eleventh national holiday, we acknowledge and honor the importance of this day historically and into the future.
