MASON SCIENCE COMMUNITY

Welcome, Professor and Tenure-track faculty joining the Mason Science community!

This week, Mason Science will host its first all-faculty meeting on October 7 from 3 to 4 p.m. This meeting will provide an opportunity for faculty to meet, discuss, and share updates on various initiatives and activities within the College of Science. The meeting will also feature updates on the College's strategic priorities, faculty development initiatives, and opportunities for collaboration.

Upcoming Events:
- October 7, 2020: College of Science All Faculty Meeting
- October 6, 2020: Early Detection and Precision Medicine Mason Science Series - Breast Cancer at the Bedside: The Clinical Impacts of Proteomics on
- October 8 and 9: Fall Career Fair

IN THE NEWS

The Today Show features Mason scientists with special insights into COVID-19's impact on the environment.

Mason scientists are making significant contributions to understanding the environmental impacts of the COVID-19 pandemic. On The Today Show, Mason researchers discussed their work on the effects of COVID-19 on wildlife and habitat, including the impact on bird migration patterns.

Happening at Mason

Students and faculty can now participate in Mason's Safe Return to Campus campaign.

The Mason University and Elizabeth Derryberry, Associate Professor at the Center for the Advancement of Well-Being, launched a campaign to encourage students and faculty to participate in Mason's Safe Return to Campus initiative. The campaign features our biology and neuroscience faculty and students.

Events

Students and faculty interested in attending an upcoming event.

Upcoming events include:
- Mason Science Series - Early Detection and Precision Medicine: Breast Cancer at the Bedside - The Clinical Impacts of Proteomics on
- Mason Science Series - Early Detection and Precision Medicine: Breast Cancer at the Bedside - The Clinical Impacts of Proteomics on
- Mason Science Series - Early Detection and Precision Medicine: Breast Cancer at the Bedside - The Clinical Impacts of Proteomics on
