A Message from the Board

Due to the on-going challenges with Covid-19 your Board of Directors has decided to move the 2020 annual meeting to a virtual format. This move is allowed by the memberships large and overwhelmingly positive response to our recent by-law amendment proposal. Thank you for participating in the voting process. Our next member newsletter will outline how the membership will be able to participate in this year's governance process.

The Covid-19 pandemic has affected everyone, and we are very proud that Producers Cooperative was never interrupted in its ability to produce and offer the essential products, programs, and services to our agricultural community.
