

A Message from Mike

President & CEO of Gary Community Investments

October 22, 2020

With less than two weeks until election day, I wanted to remind you to vote yes on two critical ballot measures that can reshape Colorado for generations to come.

A YES vote on Amendment B will repeal a broken provision of our state constitution that is crushing small businesses and cutting funding to the hometown heroes who have carried us through the COVID-19 pandemic. But don't take my word for it. [Watch this video](#) and let them speak for themselves. B for firefighters, B for nurses, B for teachers, B for small businesses. Vote YES on Amendment B and share your support on social media.

A YES vote on Proposition EE will help give every Colorado kid a head start and a healthy finish. Colorado currently has the highest teen vaping rate in the country and Proposition EE will close the tax loophole that makes Colorado one of the only states that does not tax vaping. The revenues from this tax will be used to provide universal preschool to every 4-year-old in the state, while also providing critical resources to the children who are most likely to enter kindergarten unprepared.

My friend [Damion LeeNatali is voting YES](#) to give his 3-year-old twins, and every Colorado child, the best start possible. Vote YES on EE and [share](#) your own

“why” on social media channels!

-Mike
