Shining a Light on the Dark Web

The last decade has seen a sharp rise in criminal activity on the dark web, including the trade in illicit narcotics, identity documents, counterfeiting and copyright piracy. This rise has been driven in part by the greater anonymity of sites not indexed by search engines. For instance, the marketplaces on the dark web, including the trade in firearms, stolen data and cybercrime services. This rise has been

DHS Centers of Excellence: Student Poster Session Spotlight

DHS Centers of Excellence is hosting an open poster session that will feature student research. Attendees will have the opportunity to present their research and discuss their findings with others. The poster session will take place from 11 AM to 1 PM on June 2, 2022. Student researchers are encouraged to participate and present their work.

Distinctive Speaker Series

Digital Archive: Jeffrey Hardy as he discusses illicit trade in the forms of trademark counterfeiting and copyright piracy. Watch the recent CINA Distinguished Speaker Series with Jeffrey Hardy.

Facilitate engagement between students and homeland security professionals through webinars and mentorship leading up to and during the TTX.

Digital Archival: Jeffrey Hardy on illicit trade, trademark counterfeiting and copyright piracy.
