THOUGHTS FROM THE DIRECTOR

Joe Jones

On August 4, 2020, we held our CINA Annual Meeting under these “new normal” circumstances – a virtual conference with over 100 attendees from government, industry, and academia, view-ahead video presentations from 15 different research teams complemented by the Annual Meeting itself, which included a plenary session with our keynote speaker, Louise Shelley, and a running Q&A session where attendees could ask their questions in real-time.

The Annual Meeting reflected on the last 12 months during which we helped plan and execute a successful online, produced a white paper to increase research project agility and timeliness, continued a multi-year project on cartel smuggling, moved our Distinguished Speaker Series and other events online, produced a virtual conference, and introduced a running Q&A session.

On August 18, 2020, we held our CINA Science Committee Virtual Event/Transaction-Era Security, where we learned about the research findings and strategic lessons and crucial recommendations for the future of Transnational Crime.

The Annual Meeting was well-received, and we had positive feedback from attendees who were engaged in the discussions and Q&A sessions.

We are proud of what we accomplished over the last 12 months, and we look forward to continuing our work to support and advance research in the field of Transnational Crime.

CRIME, LAW ENFORCEMENT, AND INTELLIGENCE

CINA Open RFP 20-21

A promising alternative to policing high-crime streets
