PPM Billing Features Launched on 10/03/22!
New PPM Billing features have been launched in PPM starting on Monday, October 3:

- **PPM Multiple Services**
  - Multiple Services gives users the ability to provide more granular information about the services being provided and billed
  - This includes the ability to reference an external customer PO# per customer invoice, instead of at the contract level
  - You can now add the information on the Event, which will be displayed on the AR Customer Invoice
  - For more information, read the [How to Create a PPM Contract in Order to Bill External Customers](#) and [How to Create a Project Portfolio Management (PPM) Billing Invoice in Oracle](#) KBA's

- **PPM Recurring Billing**
  - This feature has been delayed and will be launched at a later time.

- **Event Completion Date is now a required field**
  - Event Completion date is needed for PPM to generate a Draft Invoice. This field is now required when creating an event.

Deadline for Submitting Taxable Travel/Move/Relocation Expense Reports
Due to payroll and taxation deadlines, Expense Reports for employee moves, or trips including taxable payments/reimbursements, must be completed with required attachments and approved by the Financial Unit Approver by **October 17**. Expense Reports with taxable expenses that are submitted after the deadline will be processed for payment in January 2023. For instructions on the move process in Concur, please review the [How to Manage a Move Trip KBA](#).
New Advanced Search Available in Oracle Procurement
Integrated Procure-to-Pay Solutions is piloting a new search engine as part of a broader initiative to improve the Oracle Procurement client experience. The new tool will enhance search functionality and give you a much better view of your products including attributes, images, and certifications.

To get to Advanced Search, visit the Oracle Requisitions screen and click the first icon under Top Categories that says ‘Advanced Search’ with the logo of a magnifying glass & laptop. Take a test drive and let us know what you think from the survey link found on the Advanced Search homepage! We are also looking for volunteers to join a group that will provide ongoing feedback to the team building Advanced Search; sign-up to join from the survey link. We appreciate your feedback as we continue to focus on improving the search experience in Oracle Procurement.
