

January 2025

Dear Undergraduate Research Community,

Happy New Year and welcome to the Spring 2025 Semester! The spring semester is filled with a ton of research activities, educational events, and celebrations. For our students and faculty mentoring students who are in their last year, you can be recognized for doing research through a transcript designation: the [Undergraduate Research Scholar Designation](#). Students who complete 2 semesters of research (does not have to be a UROP!) are eligible for this designation and should review our website to learn more.

Also, the college deadline for nominations recognizing faculty and undergraduate students at the [Annual Undergraduate Research Awards Ceremony](#) is fast approaching. Please connect with your college contact about nominating a stellar undergraduate research or faculty mentor! Do not know who your college contact is? Connect with the Office at our@utah.edu.

We also want to share that we are currently holding a fundraiser for our students. Every summer we bring students from across the country to do research with nationally regarded researchers. These students become ambassadors of our institution, with many of the participants Utahns. We hope that you will find it in your hearts to give to this Office to support our summer program for undergraduate research through giving to our [UStarter fundraiser](#).

Looking forward to seeing you at an OUR event this semester and hearing about your research success!

On behalf of the Office of Undergraduate Research, with gratitude to all of you.
