Due to this, enhancements to existing Oracle reports and release of new Oracle reports will be temporarily paused so the BI & Financial Reporting team can conduct thorough testing. This will be starting biweekly on March 8.

This month, Oracle will be upgrading some of its reporting technology to improve performance. This includes making enhancements to existing Oracle reports and releasing new Oracle reports. This will improve the performance of the data in existing panoramas or reports. Updates will be provided in the Weekly Digest newsletter. This month, the Finance & Management offices will review the Oracle Financials Cloud dashboard.
