Announcements

**Annual PCI Validation Cycle**
For the next two weeks, the Merchant Services team will be working with campus merchants and our PCI QSA/Auditor to complete the annual PCI validation process. This is a courtesy notice that we will not be setting up any new credit card merchant accounts until the completion of the audit cycle, but you may still submit a new application in the meantime by contacting merchantservices@ucsd.edu. Prospective merchants can expect account setups to resume back to normal in April. We appreciate your patience at this time.

**Oracle Reporting Technology Upgrade**
This month, Oracle will be upgrading some of its reporting technology to improve performance. Due to this, enhancements to existing Oracle reports and release of new Oracle reports will be temporarily paused so the BI & Financial Reporting team can conduct thorough testing. This will
not impact the launch of the Faculty & Researcher Dashboard, nor will it impact the accuracy of the data in existing panoramas or reports. Updates will be provided in the Weekly Digest throughout the upgrade process.
