Back to School

We are excited to announce that classes are ramping up at the end of September!

Due to COVID-19 we are keeping class sizes small and following necessary protocols to ensure everyone's safety.

Availability is limited so sign up ASAP!

THANK YOU TO ALL OF OUR VOLUNTEERS WHO HELPED WITH THE FACE MASK PROJECT!

While Covid-19 has impacted all of us, it has not stopped us from joining together to support our community. Through the help of staff and volunteers, The Sewing Labs has successfully created and donated or distributed over 60,000 masks! We want to thank all of you who participated in making this a very successful project.

What's Next?

While we continue to make masks, we are ready to transition volunteers to our next project, the Pillow Case Project, where we join together to make and gift pillowcases to those in need during the holiday season. Now more than ever, we recognize that many seniors are isolated in senior citizen homes, unable to connect with loved ones due to COVID-19. In delivering beautifully crafted pillowcases to senior citizen homes, we hope to not only provide a gift to someone who might be lacking, but we also hope to provide a connection by letting them know they are appreciated and cared for.

Interested in volunteering for the pillowcase project?

FABRIC GRAB

We hosted our 4th Fabric Grab on Saturday, September 12th.
The event was a great introduction to meet our neighbors in
our new Columbus Park location!

We sold over 700 pounds of fabric

We gave away over 1000 pounds of fabric

30 sewing machines found new homes

*137 people registered, and many more than that attended the
event*

A HUGE THANK YOU TO ALL OF THE VOLUNTEERS WHO
HELPED MAKE THIS FABRIC GRAB A FUN AND
SUCCESSFUL EVENT!

***IMPORTANT - NEW PROCEDURES
FOR VOLUNTEERS***

and commitment to our
mission.

If you are interested in
joining our amazing group
of volunteers, please let us
know what interests you!

Or consider one of our
immediate need positions:

Virtual Assistants We need
a volunteer to help us
manage audio and visual
equipment for our online
classes.

Classroom Helpers We are
looking for volunteers to
help prepare for and assist
with sewing classes.

Classroom helpers should
have some experience with
industrial or domestic
sewing machines.

more volunteer
opportunities!**

Here at TSL we recognize the seriousness of keeping our volunteers, staff and students safe - more specifically minimizing the spread of COVID-19 when coming into the lab.

You will now notice two tablets at the entrance. Upon entering please sign in on the tablet, take your temperature, and wear the name tag that will print out after completing the check-in procedure. Please check-out upon your departure.

This process will help us not only with contact tracing, but will also help us track volunteer hours, ultimately helping us maintain our non-profit status and request more money via grants!

[Click here to learn more about our re-opening plan and what we are doing to help prevent the spread of COVID-19 at TSL.](#)

INDUSTRIAL SEWING MACHINES!

Thanks to the Kauffman Open Inclusion Grant, we were able to purchase 9 industrial sewing machines and sergers. Sign up for classes with Cali Roberta to have access to these beautiful new machines!

Our Mission

Job Skills Training

To inspire hope in vulnerable populations of individuals marginalized by generational poverty, addiction, immigration and/or incarceration, through jobs training, creative sewing arts and networking.

We teach to interrupt the cycles of generational poverty and addiction through job skills training, community formation, entrepreneurship and perpetuation of the sewing arts.

Community Connections

To make connections with other agencies, organizations or businesses in the Kansas City marketplace. These connections form a supportive and nurturing community of diverse individuals to build everyone up while developing referrals, job opportunities and more.

Legacy of Sewing

To build and support interest in the legacy of sewing, fabric and fiber arts through participation with the greater community and to pass it from generation to generation.
